Order over \$1000	20% subtotal

Your Freight rates above are estimated. Many factors go into determining your shipping costs including:

- We charge exact freight. Estimated cost may be higher or lower than quoted.
- Weight of your merchandise
- Size of your package(s)
- Need for multiple packages
- If you are located in a rural area, your freight will be higher than if you are in a major city.
- Zone we are shipping to. The closer you are to us, the lower your freight costs.
- Delivery address that UPS classifies as "Residential"
- UPS charges a Fuel Surcharge that varies based on current fuel costs.
- Heavier items will have higher shipping costs, such as cast iron, stone, or wood. Incense items will be lighter, with lower freight costs.
- Orders under \$200 and small packages tend to have much higher freight costs.
